Dear Chris:

I was very encouraged to learn about the positive effects that the tax credits through the American Recovery and Reinvestment Act ("Recovery Act") have had on Castle Windows. It is exciting to hear that you have plans to expand operations, weatherizing more homes and continuing to help Americans lower energy consumption.

Castle Windows is a fine example of how the Recovery Act is creating jobs and laying the foundation for a brighter future across the country. I have traveled all over the United States to see the effects of the Recovery Act firsthand, and I am always happy to hear stories like yours that are changing lives and bettering communities.

If I am in the area and able to plan a visit, I will be sure to let you know. Thank you for reaching out, and I wish you much continued success.

Sincerely,
